

Hi everyone,

It's almost that time again, Racin Time! Where has winter and the off season gone? Once again we need to get our track and facilities ready for another awesome season of racing. That means all hands on deck for a working bee! YES all hands, don't leave it for the few that always help out, it's your club - support it!

We have lots to sort out, and plenty to do, so bring yourself and any equipment that will help down to the track either Saturday the 20th or 27th. There is weed eating, fence repairs, painting and a general tidy up required.

Don't forget to get your membership in, (cost hasn't changed for 4 years) on line or post it in, forms available off our web site.

Good luck for the upcoming season everyone, let's hope all our titles go to a club member GO ROSEBANK!

See you at the track

Glen Bagshaw President ASRC
